Comments (optional): _____

By signing this form, I attest all the information included is correct and true. If the information is found to be untrue, I understand that I will be dismissed from the Chapter for a character and service violation.

NHS Member Signature: _____ Date: _____

NHS Service Hours Rules

Each member must complete and document a minimum of seven (7) credits, of which five (5) must be physical community service hours. The other credits (maximum of 2) may be earned through donation (at specific NHS approved events) or social media. For example, you may earn 1 credit by posting a picture of yourself doing community service on Facebook with the "hashtag" #HPISDNHS. This photo must be accompanied with few lines detailing a physical description and personal reflection of your work. To document the other credits, pick up the "Other Credit Form" from a sponsor and attach a printout of your social media post. All credits must be documented in the allotted time each semester and you must submit the documents to the Faculty Advisor(s) by the due date. All hours **MUST** be completed outside of the school day. **All hours are due by FRIDAY, MAY 11th for Juniors, and MONDAY, MAY 7th for Seniors, 2017. Those who do not meet the required number of service hours and meeting credits will be in poor standing, will need to meet with their National Honor Society alpha officer and may have their membership revoked.**

Service hours are acquired through the Chapter's designated service projects, which include volunteering at the Boys and Girls Clubs as an academic tutor or sports coach, mentoring/tutoring students at the Voice of Hope, or work with underprivileged children at Brother Bill's. **All members are required to participate in all projects sponsored by the HPHS-NHS. These activities include, but are not limited to, the NHS Scholarship Rummage Sale and the HPHS NHS induction ceremony.**
